Thank you for your interest in adopting a shelter animal(s). The purpose of this application is to assist us in finding the right match for the adopter and especially the animals many of which have come from less-than-ideal circumstances. We are trying to ensuring a lifelong happy relationship. It may seem daunting but it is to ensure you are getting the pet that will suit your lifestyle, and that your home will suit the animal's needs.

We go to these lengths because we are dealing with a life - not a transaction.
